An Introduction to: MICHAEL P. GIBBENS

Mr. Gibbens is a nationally recognized author, instructor and consultant on the interpretive and technical aspects of disabled accessibility compliance in commercial and residential applications for both public and private sectors.

He has developed and presented hundreds of seminars on compliance with State and Federal access laws and guidelines throughout the country and has more than 25 years experience as a disabled accessibility compliance consultant. In 1991, 6 months before the Americans with Disabilities Act (ADA) became enforceable, he had written the first nationally published manual for ADA compliance to facilitate facility assessments and barrier removals, and was facilitating training seminars across the country. In California, he was the first to develop and publish compilations of the more stringent provisions between State and Federal accessibility mandates for the design and construction of Public Accommodations and Commercial Facilities (Federal ADA/State Title 24 standards) and multifamily residential projects (Federal FHAA/State HCD standards) in 1991. Mr. Gibbens' fifteenth book on disabled accessibility compliance, the CalDAG™ 2013 (California Disabled Accessibility Guidebook) began national distribution in July 2014. The CalDAG™ is the only publication in existence that documents the most stringent requirements between the California State accessibility requirements and the ADA. The California Council of the American Institute of Architects (CCAIA) has recognized the CalDAG™ as the foremost subject source on combined state and federal disabled accessibility compliance in the State of California.

Mr. Gibbens' expertise in the interpretation of the legal and technical provisions of disabled accessibility standards is regularly utilized by law firms for the resolution of complaints, allegations of non-compliance and lawsuits.

He is experienced with private sector, governmental, and Department of Justice actions, and has served as an expert witness/expert consultant in well over 1,000 cases. He has been approved as an expert at trial, and has also served as a court-appointed expert. When the very first complaint under the newly-enacted ADA was registered with the Department of Justice against the Empire State Building, Mr.

Gibbens was contracted to consult on-site with the building's architects and management to evaluate the complaint and work toward a resolution. Mr. Gibbens has also been approved by the State Bar of California to provide continuing legal education (MCLE) classes to attorneys on disabled access issues, and has been utilized by the federal Office of Civil Rights (OCR) to train their attorney's and investigators on state/federal accessibility compliance. He has served as a founding member of the California Design Safety and Accessibility Advisory Board (State Access Board), having been appointed by the State Architect, and has served for the past seventeen-plus years on the Accessibility Code Advisory Committee for the State Building Standards Commission (5 years as Chairman). Mr. Gibbens is a California Certified Access Specialist (#054), and is certified as an Accessibility/Usability Specialist by the International Code Council.

Mr. Gibbens has completed facility compliance audits on virtually every category of occupancy covered under Titles II and III of the ADA and has served clients with facilities in all 50 states.

He maintains continual contact with the Department of Justice and Access Board in Washington D.C. to keep abreast of new developments and proposed changes in the laws and standards. He has both designed and constructed improvements for the retrofit of facilities to provide compliance with State and Federal accessibility mandates, and is a consultant to a broad range of private businesses and governmental agencies.

- **California Certified Accessibility Specialist (CASp #054),**
- **17+ year member of State Building Standards Commission Accessibility Code Advisory Committee (5 years as Chairman).**
- **Certified Accessibility Specialist by International Code Council (ICC Cert. #94343).**
- **Approved educational activity instructor (past) (MCLE) by The State Bar of California.**
- **Founding member of the California State Access Board (appointed by California State Architect).**

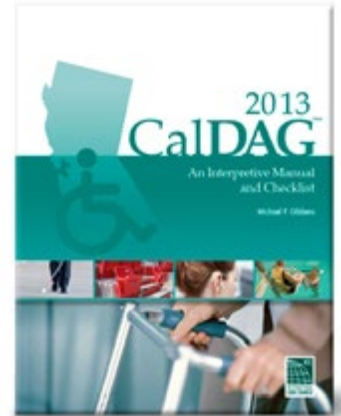

Publications Authored by Michael P. Gibbens

The CalDAG™ 2013 (California Disabled Accessibility Guidebook Checklist and Interpretive Manual).

Publisher – International Code Council. (2014). 532 pages.

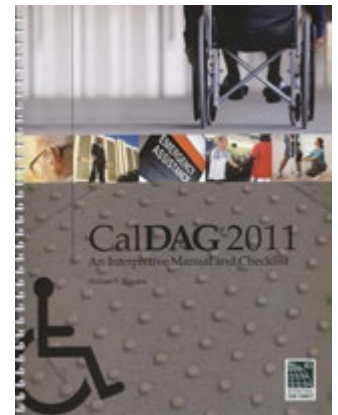

Incorporating 2010 federal ADA Standards with California 2013 Building Code accessibility provisions for Public Accommodations, Commercial Facilities and Public Housing. Includes chapter of selected California Accessibility Statutes- related laws from California's Government, Civil, Health & Safety, Vehicle Codes and others that deal specifically with disabled accessibility.

The CalDAG™ 2011 (California Disabled Accessibility Guidebook, Checklist and Interpretive Manual).

Publisher – International Code Council. (2011). 462 pages.

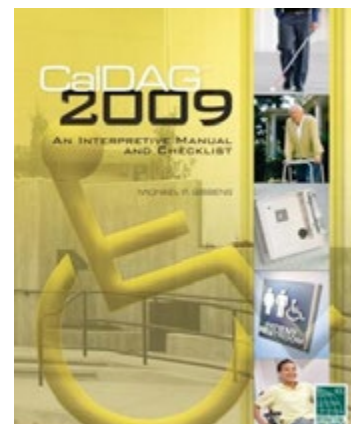

Incorporating 2010/2011 California amendments to the International Building Code. Includes chapter of selected California Accessibility Statutes- related laws from California's Government, Civil, Health & Safety, Vehicle Codes and others that deal specifically with disabled accessibility.

The CalDAG™ 2009 (California Disabled Accessibility Guidebook, Checklist and Interpretive Manual).

Publisher – International Code Council. (2008). 459 pages.

Incorporating 2007/2008 California amendments to the International Building Code. Includes chapter of selected California Accessibility Statutes- related laws from California's Government, Civil, Health & Safety, Vehicle Codes and others that deal specifically with disabled accessibility.

The CalDAG™ 2003 (California Disabled Accessibility Guidebook, Checklist and Interpretive Manual).

Publisher – International Code Council. (2002). 453 pages.

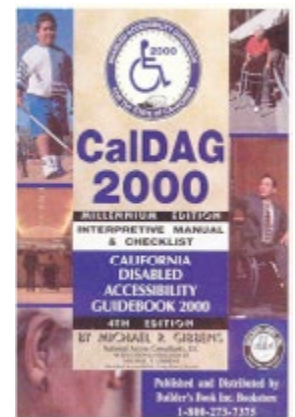

Revised edition of the CalDAG™ 2000, incorporating 2000/2002 California amendments to the Uniform Building Code. Includes complete index cross-reference of 1998/99 and 2000/2002 California Codes. Also includes chapter of selected California Accessibility Statutes- related laws from California’s Government, Civil, Health & Safety, Vehicle Codes and others that deal specifically with disabled accessibility.

The CalDAG™ 2000 Millennium Edition (California Disabled Accessibility Guidebook, Checklist and Interpretive Manual).

Publisher - Builders Book, Inc. (2000). 443 pages.

Revised edition of the CalDAG™ ‘98, incorporating 1998/1999 California amendments to the Uniform Building Code. Includes complete index cross-reference of 1994 California Codes, 1995/96 California Codes and 1998/99 California Codes. Also includes chapter of selected California Accessibility Statutes- related laws from California’s Government, Civil, Health & Safety and Vehicle Codes that deal specifically with disabled accessibility.

The CalDAG™ ‘98 (California Disabled Accessibility Guidebook, Checklist and Interpretive Manual).

Publisher - Builders Book, Inc. (1996). 440 pages.

Revised edition of the CalDAG™ ‘98, incorporating 1997/98 California amendments to the Uniform Building Code. Includes complete index cross-reference of 1994 California Codes to 1995/96 California Codes. Also includes chapter of selected California Accessibility Statutes- related laws from California’s Government, Civil, Health & Safety and Vehicle Codes that deal specifically with disabled accessibility.

The CalDAG™ ‘96 (California Disabled Accessibility Guidebook, Checklist and Interpretive Manual).

Publisher - Builders Book, Inc. (1996). 422 pages.

Revised edition of the CalDAG™, incorporating 1995/96 California amendments to the Uniform Building Code. Includes complete index cross-reference of 1994 California Codes to 1995/96 California Codes. Also includes chapter of selected California Accessibility Statutes- related laws from California’s Government, Civil, Health & Safety and Vehicle Codes that deal specifically with disabled accessibility.

The CalDAG™ (California Disabled Accessibility Guidebook, Checklist and Interpretive Manual).

Publisher - Builders Book, Inc. (1995). 612 pages.

The CalDAG™ is the most comprehensive and detailed reference source on compliance with combined state and federal disabled accessibility laws and standards in existence. The Access Compliance Section of the California Division of the State Architect requested and was granted permission to utilize the CalDAG™ to forward technical assistance and interpretational information to professionals throughout California. The CalDAG™ combines the applications and technical provisions of the ADA and California's Title 24 accessibility regulations and lists each separate item with corresponding state and federal code sections for instant cross-reference. The text of the ADA Accessibility Guidelines and Chapter 31 of the California Building Code are included in the reference section of the CalDAG™.

Americans with Disabilities Act Compliance Handbook

Publisher - CEEM Information Services (1993). 278 Pages.

Used to establish and document compliance with the legal and technical aspects of Titles II and III of the ADA. An illustrated and detailed explanation of ADA requirements written primarily in checklist format. Includes supplement for compliance with California Title 24 regulations.

ADA Compliance Evaluation Survey

Publisher - CEEM Information Services (1991). 199 Pages.

An illustrated and detailed explanation of ADA requirements for architectural access by the disabled. An Action-oriented planning document for achieving compliance with barrier removal obligations under Titles II and III of the ADA and establishment of good-faith efforts to comply.

ADA Compliance Evaluation Survey (with special California Title 24 Supplement)

Publisher - CEEM Information Services (1992). 237 Pages.

An illustrated and detailed explanation of ADA requirements for architectural access by the disabled. This publication includes a supplement that specifies more stringent aspects of California's Title 24 access requirements to provide for compliance with both laws. An Action-oriented planning document for achieving compliance with barrier removal obligations under Titles II and III of the ADA and establishment of good-faith efforts to comply.

Design and Construction Manual for the Combined ADA/Title 24 Accessibility Standards

Publisher - Production Consulting & Construction (1991). 231 Pages.

For applications in new construction, retrofitting existing facilities and alterations. Combines interpretations of the most stringent provisions between California and federal accessibility requirements for California building and design applications. (Pocket size - 5-1/2" x 8").

Design and Construction Manual for the ADA Accessibility Standards

Publisher - Production Consulting & Construction (1991). 230 Pages.

For applications in new construction, retrofitting existing facilities and alterations. Combines scoping provisions and applications with design details for instant reference on compliance with ADA Title II and III provisions (Pocket size - 5-1/2" x 8").

Design Manual and Checklist for the Combined FHAA/HCD Accessibility Standards

Publisher - Production Consulting & Construction (1991). 107 Pages.

For compliance with combined state and federal design requirements and applications in privately funded multifamily residential construction. Includes flow charts that specify appropriate eligibility requirements, applications and exemptions allowed based on project characteristics.

Design Manual and Checklist for the FHAA Accessibility Standards

Publisher - Production Consulting & Construction (1991). 104 Pages.

For compliance with aspects of the Fair Housing Amendments Act in privately funded multi-family residential construction. Includes flow charts that specify appropriate eligibility requirements, applications and exemptions allowed based on project characteristics. The Department of Housing & Urban Development in Washington, D.C. requested permission to reproduce the flow charts for public dissemination and technical assistance.

TERMS AND CONDITIONS

In addition to the above noted fees, Client shall reimburse Consultant for all reasonable costs (including, without limitation, photocopying, parking, travel expenses, overnight delivery charges, messenger service and printing) in an amount equal to said costs, plus 5%. All travel time shall be billed, portal to portal, at Consultant's regular hourly rates. Consultant's hourly rates shall be billed in ¼ hour increments. In the event that Consultant's partners or staff utilize their automobiles in connection with the provision of Services, mileage shall be charged at a rate of \$0.55 per mile. If provision of the Services includes travel in a radius greater than one-hundred (100) miles from Consultant's Thousand Oaks, CA office, Client shall be charged a per diem of \$45.00 for each of Consultant's partners or staff engaged in said travel.

Upon delivery of this Agreement, Client shall advance Consultant a retainer in the amount of \$2,500.00

Fees for depositions shall be paid, in advance, based upon the anticipated length of the deposition. Balances due, if any, shall be paid during the next standard billing cycle.

Fees for one (1) days' time shall be paid in advance for trials or arbitrations.

Unless otherwise agreed in writing, all fees and costs shall be due and payable within fifteen (30) days of the date upon which they are invoiced to Client. Any sums not paid when due and payable shall accrue interest at the maximum legal rate of interest until paid in full.

Client understands and affirms that this Agreement is Between Client and Consultant only and payment to Consultant by Client is not dependent upon Client's reimbursement of Consultant's fees, costs and expenses by any third parties whatsoever.
