August 1991 Association), Temple University, Philadelphia, Pennsylvania.

September 1984 - *B.A. in Psychology* (Departmental Honors), Northwestern University,
June 1988 Evanston, Illinois.

ADMINISTRATIVE EXPERIENCE

- March 2007 - Present
- Owner***, Ray S. Kim, Ph.D. and Associates, Inc., Hoffman Estates, Illinois.
Activities: Comprehensive psychological services provided to the community, as well as the civil and criminal justice system. Clinical services include forensic evaluations, psychological testing, and counseling. Both adult and juvenile populations are served. Specialize in evaluations for criminal cases, including pre-trial and pre-sentence psychological evaluations, fitness to stand trial evaluations, sanity examinations, mitigation evaluations, sex offender evaluations, violence risk assessments, and substance abuse assessments. Expertise in conducting examinations for civil matters, including independent medical examinations (IME), pre-employment screenings (e.g., The Diana Screen), fitness for duty evaluations (e.g., safety-sensitive positions), remedial exams for the Department of Defense Medical Examination Review Board (DoDMERB), alcohol assessments, and Supreme Court Rule 215 evaluations. Assessments and peer file reviews in cases of personal and occupational injury (e.g., EEOC), workers' compensation (e.g., Defense Base Act), disability determination (e.g., SSDI, FMLA), malpractice, immigration (e.g., Adam Walsh Act), detection of malingering (e.g., PTSD), and Firearm Owner's Identification (FOID) and Concealed Carry License (CCL) reinstatement. Federal evaluations for purposes of determining competency to stand trial, competency to waive Miranda rights, criminal responsibility, and risk of recidivism also administered. Court ordered treatment provided for mental illness, substance abuse, anger management, and domestic violence. Offices in Cook County, DuPage County, Kane County, Lake County, and McHenry County.
- January 2005 - January 2022
- Director of Chicago Metropolitan Forensic Services***, Illinois Department of Human Services, Elgin, Illinois.
Activities: Responsible for oversight, policy development, and resolution of programmatic issues. Supervision of a team of clinical psychologists and social workers who evaluate and recommend placement into forensic facilities for individuals in custody who are adjudicated Unfit to Stand Trial or acquitted Not Guilty by Reason of Insanity. Assignment of forensic cases to staff members, and review of placement reports. Facilitation of case conferences in which placement decisions are made for forensic patients throughout the State of Illinois. Management and triaging of forensic court referrals to expedite hospital admissions. Development and maintenance of minimum secure forensic facilities and step-down programs at State operated psychiatric hospitals. Consultations at community agencies regarding forensic issues, such as fitness restoration and court report writing. Training of clinical staff at forensic facilities on various topics, such as risk assessment and treatment

planning. Chair of the Malingering Detection Workgroup, which developed a screening protocol for the detection of malingering among forensic patients. Chair of the Forensic Utilization Review Committee, which reviewed forensic facilities in Illinois in order to improve the quality and effectiveness of forensic care. Chair of the Risk Assessment Workgroup, which designed a screening process for identifying individuals considered to be at high risk for violence in nursing homes. Founding member of the Illinois Department of Human Services Committee on Risk Assessment Practice. Committee member of the Risk Reduction Workgroup and the Best Practices Workgroup. Member of the Forensic Strategic Planning Committee. Member of the Treatment Review Committee for the Treatment and Detention Facility.

January 2000 -
January 2022

Forensic Outpatient Director, Chicago Metropolitan Forensic Services, Elgin, Illinois.

Activities: Management of a statewide forensic outpatient program. Coordination of forensic outpatient evaluations for individuals who are Unfit to Stand Trial or Not Guilty by Reason of Insanity. Development of treatment plans with community mental health agencies for this forensic population. Contract manager for the fitness restoration program at The Chicago School Forensic Center, as well as 15 other community providers in Illinois. Supervision of graduate students in forensic psychology. Psychological evaluations of forensic inpatients and outpatients, which include juveniles and adults who are mentally ill, substance abusers, and/or developmentally disabled. Fitness evaluations and fitness restoration services for individuals found Unfit to Stand Trial. Planning for expanded community based forensic services and training of the clinical staff. Evaluation of sex offenders for sexual dangerousness under the Sexually Violent Persons Commitment Act. Violence risk assessments of forensic inpatients prior to release into the community or transfer to a less restrictive setting. Facilitation of Fitness Restoration Group, Chemical Dependency Group, and Community Transition Group. Testifying in court as an expert in clinical psychology and forensic psychology. Consultations at psychiatric hospitals regarding patients who are considered behavior management problems due to aggressive and/or sexually violent behavior. Research conducted on forensic inpatients and outpatients.

February 1999 -
January 2019

Forensic Psychology Program Director, The Counseling Center, Inc., Crystal Lake, Illinois.

Activities: Oversight of a forensic psychology program. Supervision of staff psychologists. Psychological testing of children, adolescents, and adults. Specialize in forensic evaluations, such as sex offender evaluations, violence risk assessments, and substance abuse examinations. Mental health assessments of probationers and parolees released from

federal prison. Consultant to DUI and Domestic Violence programs. Testifying in court as an expert in clinical psychology on various issues, including child custody and risk of violent behavior. Consultations regarding forensic matters involving psychology and law.

July 2007 -
July 2008

Chair of the Board of Directors, Concerned Care Community Services, NFP, Country Club Hills, Illinois.

Activities: Guidance for a not-for-profit organization which delivers community and human services to needy residents of the Chicago metropolitan area. Targeted population includes children, adolescents, adults, and senior citizens who lack the resources to attain sufficient support services. Services provided include hospice care, educational programs, mentoring services, life skills classes, senior citizen outreach, and fellowship activities. Primary goal is to provide holistic community services which address the needs of the entire human being in order to improve emotional well-being, promote the healing process, and enhance the quality of life of disenfranchised community residents.

February 2000 -
March 2004

Clinical Director of Outpatient Services, The Counseling Center, Inc., Crystal Lake, Illinois.

Activities: Development and management of a clinical program providing mental health services to an outpatient population of children, adolescents, and adults. Supervision of a clinical team of psychologists and social workers. Clinical services provided include individual therapy, marital therapy, family therapy, and group therapy. Psychological assessments and testing provided as well.

September 1994 -
October 1995

Program Coordinator, Rogers Park Child and Adolescent Services Program, Chicago, Illinois.

Activities: Development and management of a child and adolescent program. Building relationships with agencies and organizations serving children and adolescents, including the Child and Adolescent Local Area Network. Supervision of case workers, case managers, and students. Comprehensive outpatient assessment and crisis intervention in the clinic and in the home. Individual, family, and group therapy of severely emotionally disturbed children and adolescents.

September 1987 -
June 1988

Founder, Community Service League, Northwestern University, Evanston, Illinois.

Activities: Unified the major community service organizations at Northwestern University in order to coordinate volunteer efforts. Areas of focus included mental illness, substance abuse, developmental disabilities, child abuse, poverty, and homelessness. Volunteer activities included Students Working Against Poverty, Special Olympics, and Hands Across America.

- September 1986 - June 1988 **President**, Northwestern University Helpline, Northwestern University, Evanston, Illinois.
Activities: Training and supervision of peer counselors of a crisis hotline. Peer counseling of students with a variety of emotional problems, including eating disorders, sexual issues, relationship problems, family problems, adjustment issues, depression, stress/anxiety, academic pressures, suicidal ideation, and grief. Organization of educational seminars on topics such as stress management and depression.
- September 1986 - June 1988 **Vice President**, Northwestern's Organization of Volunteers in Action, Northwestern University, Evanston, Illinois.
Activities: Organization of community service projects such as taking abused children to the zoo and accompanying developmentally disabled adults to Northwestern football games, as well as participation in these events. On-going activities included Big Brother/Big Sister program, coaching for youth groups, tutoring, visiting nursing homes, and volunteering at soup kitchens and drop-in centers.
- September 1985 - September 1986 **Treasurer**, Northwestern University Helpline, Northwestern University, Evanston, Illinois.
Activities: Management of budget for volunteer crisis hotline. Preparation of financial statements. Petitioning of student board for funding based on programmatic needs. Organization of fundraising activities. Recruitment of volunteer peer counselors.

CLINICAL EXPERIENCE

- September 1997 - Present **Clinical Psychologist**, Centegra Horizons Behavioral Health, Crystal Lake, Illinois.
Activities: Individual, couples, family, and group therapy of outpatient population of children, adolescents, and adults. Psychological assessments and testing. Crisis interventions. Areas of expertise include depression, anxiety disorders, child and adolescent issues, relationship problems, substance abuse, and forensic issues.
- July 1997 - Present **Associate Psychologist**, Patrick J. Kennelly, Ph.D. and Associates, P.C., Schaumburg, Illinois.
Activities: Individual, couples, and family therapy of children, adolescents, and adults on an outpatient basis. Psychological assessments and testing as well. Privileges at Alexian Brothers Behavioral Health Hospital. Specialty areas include depression, anxiety disorders, child and adolescent issues, relationship problems, substance abuse, and forensic issues. Forensic services include independent medical examinations,

fitness for duty evaluations, substance abuse assessments, sex offender evaluations, and violence risk assessments.

September 2014 -
August 2020

Consulting Psychologist, Kane County Diagnostic Center, St. Charles, Illinois.

Activities: Sex offender evaluations for Kane County Diagnostic Center, which serves the Sixteenth Judicial Circuit. Test battery includes the Abel Assessment for Sexual Interest – 3, Multiphasic Sex Inventory – 2, ACUTE – 2007, STABLE – 2007, STATIC – 99R, Substance Abuse Subtle Screening Inventory – 3, Personality Assessment Inventory, Inventory of Offender Risk, Needs, and Strengths, as well as other tests and measures as needed. Assessment of psychosexual functioning, risk for sexual dangerousness, and treatment recommendations provided to court.

May 1997 -
May 2018

Allied Health Professional, Alexian Brothers Behavioral Health Hospital, Hoffman Estates, Illinois.

Activities: Privileges to conduct psychological assessments, individual psychotherapy, marital psychotherapy, family psychotherapy, group counseling, and chemical dependency therapy on an inpatient basis. Collaboration with healthcare providers on an interdisciplinary treatment team, which embraces a patient-centered approach.

June 1997 -
June 2007

Allied Health Professional, Streamwood Behavioral Health Center, Streamwood, Illinois.

Activities: Privileges to conduct diagnostic interviewing, psychological evaluations, psychological testing, individual therapy, family therapy, and group therapy for the treatment of children and adolescents on an inpatient basis.

January 1999 -
January 2006

Allied Health Professional, Provena Saint Joseph Hospital, Elgin, Illinois.

Activities: Privileges to conduct psychological testing, neuropsychological assessments, individual counseling, marital counseling, and family counseling in a psychiatric hospital.

December 1995 -
January 2000

Forensic Psychologist, Forensic Treatment Program, Elgin Mental Health Center, Elgin, Illinois.

Activities: Psychological assessment, testing, individual therapy, and case management of forensic inpatient population, specifically patients who have been adjudicated Unfit to Stand Trial and those acquitted Not Guilty by Reason of Insanity. Fitness evaluations and individualized treatment planning in an interdisciplinary team. Evaluations for involuntary admission and second level reviews of privilege proposals for patients who have been acquitted Not Guilty by Reason of Insanity. Facilitation of Fitness Restoration Group and Chemical Dependency Group.

Development and monitoring of behavior programs for complex and problematic patients. Evaluation of sex offenders for risk of sexually dangerous behavior, as well as testifying in court. Participation in committees and workgroups (e.g., Behavior Program Committee, Discharge Standards Workgroup).

September 1993 -
August 1994

Psychology Intern, Ravenswood Hospital Community Mental Health Center, Chicago, Illinois.

Activities: Individual, couples, family, and group therapy of extremely varied outpatient population of children, adolescents, and adults. Group and milieu experiences on an adult inpatient unit. Crisis intervention and emergency consultation in the Intensive Care Unit and Emergency Room of the hospital, as well as consultation throughout the Medical Center. Psychological testing of children, adolescents, and adults.

September 1989 -
August 1993

Clinician, Psychological Services Center, Department of Psychology, Temple University, Philadelphia, Pennsylvania.

Activities: Individual and family therapy of adolescents and adults. Cognitive assessment of children and clinical case conference presentations.

September 1990 -
August 1992

Practicum Trainee, Friends Hospital, Philadelphia, Pennsylvania.

Activities: Psychological testing (i.e., personality, cognitive, and neuropsychological) of inpatient population of children, adolescents, and adults. Duties also included facilitating group therapy and milieu experiences.

September 1988 -
August 1989

Therapist, Child and Adolescent Anxiety Disorders Clinic, Department of Psychology, Temple University, Philadelphia, Pennsylvania.

Activities: Participation in the development of a cognitive-behavioral program in treating anxiety disorders of childhood and adolescence. Assessment of anxiety disorders of youth. Cognitive-behavioral therapy provided to children and adolescents receiving a diagnosis of an anxiety disorder.

September 1987 -
June 1988

Volunteer, Adult Community Outreach Network, Evanston, Illinois.

Activities: Provision of emotional support for the homeless and mentally ill, who are in the midst of chronic or critical problems which threaten their ability to function or survive. Helping program participants meet their needs for physical survival, security, affiliation, self-esteem, and fulfillment in order to maintain themselves in the community and to reduce the frequency of psychiatric hospitalizations.

December 1986 -
January 1987

Volunteer, CIT Mental Health Services, Cleveland, Ohio.

Activities: Group therapy and milieu experiences with chronically

mentally ill patients in a community mental health center. Diagnoses of patients included Schizophrenia, Bipolar Disorder, Major Depressive Disorder, and Substance-Related Disorders.

June 1986 -
August 1986

Counselor, Ramapo Anchorage Camp, Rhinebeck, New York.
Activities: Supervision and behavior therapy of emotionally disturbed children, including those diagnosed with Developmental Disabilities, Asperger's Disorder, Autistic Disorder, Attention-Deficit/Hyperactivity Disorder, Oppositional Defiant Disorder, and Mood Disorders. Crisis intervention and management of behavior disordered children who struggle with emotional dysregulation, low frustration tolerance, poor impulse control, and impaired judgment.

RESEARCH EXPERIENCE

January 2000 -
January 2005

Senior Psychologist, Chicago Metropolitan Forensic Services, Elgin, Illinois.
Activities: Monitoring of forensic patients adjudicated Unfit to Stand Trial and those acquitted Not Guilty by Reason of Insanity for recidivism rates, compliance with court ordered treatment, and community adjustment. Collection and analysis of data on issues such as diagnostic and demographic characteristics of civilly committed, forensic, and sexually violent patients.

September 1991 -
August 1993

Dissertation, *Differential activation of clinical disorders by self-focused attention*, Department of Psychology, Temple University, Philadelphia, Pennsylvania.
Activities: Investigation of self-focused attention as a vulnerability factor in the etiology of various clinical disorders, including depression and personality disorders.

September 1990 -
August 1993

Research Assistant, NIMH Grant Project on Depression, Department of Psychology, Temple University, Philadelphia, Pennsylvania.
Activities: Psychological assessment of Axis I and Axis II disorders, utilizing structured interviews (i.e., Schedule for Affective Disorders and Schizophrenia, Personality Disorders Examination). Interviewing of subjects for information on life stressors and cognitive styles.

September 1989 -
August 1990

Master's Thesis, *Understanding drug experiences through the semantic differential*, Department of Psychology, Temple University, Philadelphia, Pennsylvania.
Activities: Examination of drug experiences of both high risk and low risk substance abusers by means of the semantic differential, including collection, scoring, coding, and analysis of the research data.

- September 1988 - August 1990 **Research Assistant**, NIAAA Grant Project on Homeless Poly-Drug Addicted Mothers and Their Children, Department of Psychology, Temple University, Philadelphia, Pennsylvania.
Activities: Collection of information through a structured interview (i.e., Addiction Severity Index) on drug/alcohol use history, housing and family situation, employment and support status, and psychiatric status. Cognitive assessment of homeless mothers and their children. Observation of interactions between mothers and their children through the "strange situation" and "play videos." Play therapy with homeless children.
- September 1987 - June 1988 **Honors Psychology Thesis**, *Affect intensity as an individual difference in anxiety and impulsivity*, Department of Psychology, Northwestern University, Evanston, Illinois.
Activities: Investigation of the personality construct identified as affect intensity, including collection, scoring, coding, and analysis of the research data.
- September 1986 - June 1988 **Research Assistant**, Projects on Depression, Department of Psychology, Northwestern University, Evanston, Illinois.
Activities: Collection of data in a study investigating the cognitive style of depressives. Collection and scoring of data in a study investigating the nature of self-focused attention in depression. Scoring, coding, and analysis of data in a study investigating the role controllability plays in the etiology, maintenance, and amelioration of depressive disorders, based on the research of Lauren B. Alloy, Ph.D.
- September 1985 - June 1986 **Research Assistant**, Project on the Effects of Modeling, Department of Psychology, Northwestern University, Evanston, Illinois.
Activities: Collection and analysis of data in a study investigating modeling effects on young school children, based on the research of Albert Bandura, Ph.D.

TEACHING EXPERIENCE

- September 2003 - August 2015 **Director of Clinical Training**, Chicago Metropolitan Forensic Services, Elgin, Illinois.
Activities: Development and supervision of a forensic practicum program, which provides opportunities for specialized clinical training in the area of forensic psychology. Coordination of training with The Chicago School of Professional Psychology and the University of Illinois Medical School. Supervision of graduate students in clinical psychology and psychiatry residents in the evaluation and treatment of forensic patients who are

either Unfit to Stand Trial or Not Guilty by Reason of Insanity. Guidance of graduate students in research projects involving forensic inpatients and outpatients on issues such as recidivism, compliance with treatment, and community adjustment. Involvement in the Graduate Psychology Training Task Force.

April 2004 -
April 2012

Lecturer, University of Illinois at Chicago, Department of Psychiatry, Chicago, Illinois.

Activities: Teaching psychiatry residents in courses such as best practices in the assessment and treatment of individuals adjudicated Unfit to Stand Trial or Not Guilty by Reason of Insanity, implementing forensic statutes into clinical practice in Illinois, juvenile justice issues, and risk assessment for violence.
