Professional Experience

OWNER/RIPPLE LIFE CARE PLANNING – Dublin, Ohio

10/2014 to present

Case management services. Assessing, planning, facilitation, care coordination, and evaluation to meet an individual's comprehensive health needs through communication and available resources to promote quality, cost effective outcomes. Life Care Planning. Through records review, assessment of client and family, research and interview of treatment team to determine current and future needs and associated costs. Medicare Set-aside. Determining allocations and submissions for Medicare set-aside through records review.

OWNER/IKOR OF GREATER COLUMBUS – Dublin, Ohio

6/2013 to 12/2014

Provided case management services for seniors and those with mental impairments to meet long term care needs, improve quality of life and increase independence. Researched housing options, oversaw home care services, communicated with physicians and treatment team to benefit the client and family.

RN/COLUMBUS CITY SCHOOLS – Columbus, Ohio

3/2008 to 9/2014

Educated children, staff and community on various health topics to advance the well-being of those individuals and the community as a whole. Daily treatments for students with chronic health conditions such as: diabetes, epilepsy, mental health disorders, cancer, asthma and chronic renal failure. Participation in 504 and IEP meetings. Collaborating with community resources to connect local community members with community supports and health clinicians.

INSTRUCTOR/AMERICAN INSTITUTE OF ALTERNATIVE MEDICINE – Dublin, Ohio

2010

Helped start up the LPN pediatric program by selecting instructional material, developed syllabus, goals and test questions. Created lesson plans for entire semester on pediatric nursing. Taught lecture on pediatric nursing, clinical lab on pediatric nursing and adult clinical nursing.

RN/CHARLESTON SCHOOLS - N. Charleston, South Carolina

2/2007 to 3/2008

Treated children with chronic health conditions. Triaging acutely ill children. Started a program with the local food bank to feed hungry children in the school. Provided guidance for high school students interested in the healthcare field. Educated children and staff on various healthcare topics.

RN/NATIONWIDE CHILDREN'S HOSPITAL – Columbus, Ohio

9/2005 to 11/2006

Staff nurse and various Children's Close to Home Clinics and the Main Children's Urgent Care Clinic. Administered appropriate vaccinations. Educated families and children on safety factors appropriate for the child's age, treatment of care, and discharge instructions. Triage all clients by phone as well as in the clinic setting. Assessed children in the urgent care clinic to prioritize physician care. Immediate assessment of children in the urgent care for possible triage to the emergency room. Collaborated with all health care disciplines to facilitate optimal patient and family health outcomes.

FLOAT RN/MOUNT CARMEL MEDICAL CENTER– Columbus, Ohio

9/2000 to 7/2005

Worked in many different areas in the hospital filling the needs of nurse staffing issues. Worked on the following units: CCU, Cardiac step down, orthopedics, neurology, neurology intensive care, oncology, palliative care, and general medical-surgical units. Worked in both preceptor and charge nurse roles.

RN/GRANT MEDICAL CENTER – Columbus, Ohio

2/1997 to 8/2001

TRAUMA- Worked on the trauma unit when Grant Medical Center was the only Level 1 Trauma Center in Central Ohio. Worked on the Trauma Intermediate Care Unit for those patients with Traumatic Brain Injury needing close observation and frequent assessments. Experience with orthopedics, amputations, and ventilators. Educating clients and families on care and discharge instructions.

CARDIAC- Interpreting telemetry monitors. Frequent assessment of patients. Worked with congestive heart failure, myocardial infarction and post cardiac surgery patients. Worked in Cardiac Intensive Post Catheterization Unit. Frequent assessment of post cardiac catheterization, angioplasty, and stent patients. Monitoring catheterization site, cardiac rhythms and blood clotting times. Educated patients on discharge instructions and follow up care. Assisted physicians with outpatient cardiac testing with: cardioversions, stress tests, and tilt table testing. Preceptor and charge nurse roles on both trauma and cardiac units.

RN/SWANTON VALLEY CARE AND REHAB CENTER – Swanton, Ohio

9/1996 to 1/1997

Responsible for providing direct nursing care to the residence. Oversaw care of LPNs and the therapy team and nursing assistance in accordance with then current federal, state and local standards and guidelines to ensure the highest degree of quality care.
